

ENDORSED COMBAT SPORTS EQUIPMENT AT PHOENIX GYM

Phoenix has its own shop to benefit members and has all the gear you need at great prices. Support your club first.

All equipment used in Phoenix classes must be approved before use. Check with a coach before using, as your equipment must be suitable, safe and endorsed by Phoenix in order to use it in the gym. There are many brands and many copies, so get your equipment checked before use. Never assume it is safe, suitable or approved just because someone sells it as 'boxing equipment'.

Endorsed brands by Phoenix means we have already given the stamp of approval for the brand based on quality, ethics, use of purpose, duty of care (your safety) and the requirement for the training you are doing. If your equipment is not endorsed it requires approval before use. If your equipment is not suitable you can borrow Phoenix equipment until you purchase your own.

Phoenix is a club and we support the club first. The brands Phoenix endorses have proven to be ethical in manufacture, produce high quality equipment and are tested and utilised in the industry for purpose. We endorse them because of the clubs relationship with them and do not support the use of other brands within our club.

ENDORSED BRANDS – some other brands may also be suitable, but these are the most common.

* Phoenix Fight Gear

* Twins

* Yakkao

* Fairtex

* Top King

Please note that an endorsed brand must be the correct size, wear and fit for its use to be approved.

The endorsement of equipment is related to ALL equipment used in classes at Phoenix Gym.
